TESTIMONIAL

PHOTOGRAPHER: @shuttergoclick

HAVING OUR WEDDING WHERE OUR FAVOURITE BEER IS BREWED WAS A NO BRAINER FOR US. IN FACT, IT WAS THE ONE AND ONLY RECEPTION VENUE WE LOOKED AT.

'The Chapter Hall' is a perfect blank canvas if you're wanting a less traditional style wedding. It's ideal if you're wanting a DIY wedding that you can make your own. We just loved the urban surroundings and industrial style of room. The room felt cosy and intimate... but with enough space for a brass band and plenty of dancing!

We particularly liked that you could choose and organise your own caterers for the event. It gives you endless options for food rather than your usual sit down meal. We had a cracking afternoon tea buffet during the day and then a gourmet burger van came on the evening. It fitted the relaxed vibe we wanted for the wedding. We also had kegs of our favourite beers for our guests which definitely went down a treat!

The Northern Monk team were great... we especially enjoyed the beer and wine tasting session they organised before the wedding. They were always an email away if we had any questions or needed any help throughout the planning process.

The day went super smoothly! The bar staff were brilliant and were on hand to move things around if we wanted to change the layout of the room.

"We loved every second of our wedding at Northern Monk." So many of our guests said it was the best wedding they'd ever been too. It was so much fun. We just wish we could do it all again!

Huge thank you Northern Monk Team!
