Pavilion & Orangery

Capacity: 100 seated

Fresh, modern and beautifully designed the Pavilion has uninterrupted views of the Club's 18th fairway and green thanks to floor to ceiling windows. A fully retractable roof, access to a private terrace and outdoor seating area, makes the space ideal for spring and summer weddings. During the winter months, the space remains light-filled, cosy and inviting.

The Pavilion has it's own private entrances, with two reception areas, Orangery and bar as well as changing facilities where the bridal party can change or entertainers can be based.
