Wine with Love

Our unique London wine bars and restaurants serve as stunning wedding venues, perfect for intimate dinners or larger celebrations.

We're committed to making your special day as amazing as you envisioned. Our expert team will collaborate with you to design a tailor-made and unforgettable wedding from start to finish.

We can work closely with your suppliers or simply provide the venue. At the end of the day, we love witnessing your joy when you first see a venue transformed just for you.

We partner with small artisan producers and have personal connections with our winemakers. With over 450 wines from around the world, we offer a diverse selection. Our food philosophy reflects this commitment, focusing on seasonal and sustainable British produce.

Fleet Street

Our Fleet Street venue is set in the vaults of the historic St Bride's Church, so it's a pretty special place to host in!

(Rumour has it the first wedding cake was designed on the spire of the church - we reckon this is a pretty good sign!)

Quirky and comfy the beautiful ancient architecture, wooden furniture and cork walls provide the perfect backdrop for your unique City wedding. Designed with events in mind, the floorspace, events bar and food menu are highly flexible.
