

Step inside our little piece of rural paradise...

Coton House Farm is a luxury wedding barn, set in the beautiful countryside of Lichfield, Staffordshire.

The exclusive use venue effortlessly combines elegance with a relaxed country approach for luxurious, intimate weddings.

The farm has been in the village since the earliest maps of the area, dating back to the 16th Century, when it was a rest point for local farmers on their journey to market in nearby historic Lichfield. Now a family-owned wedding venue, Coton House has been hosting idyllic country weddings for over 20 years.

Following a recent and extensive renovation, we are proud to bring you our fully licensed 18th Century Dairy Barn and glorious Oak Barn, with an exceptional catering team, presented in an artistically rustic, informal setting.

We'd love to welcome you to our little piece of rural paradise.

The Oak Barn

Country elegance meets contemporary chic in the Oak Barn dining room.

When it's time to raise a toast to the married couple there can be nowhere more stunning than our magnificent Oak Barn.

Cream walls, oak beams and wood effect floors are luxuriously welcoming, while light floods through the French doors, creating a fresh and airy room for your wedding breakfast.

Delicate hints of foliage in the carved light fittings and around the room, along with our giant lighted LOVE letters, complete the feel of understated sophistication. The choice to add more décor and personalise the venue with your colour palette is entirely up to you.

The Oak Barn comfortably seats 120 guests at round tables of between 8 and 10, while the head table has a fabulous view over the terrace and across the fields.

Outdoor Ceremonies At The Pergola

Walk through the arches
into your new life together.

Floral arches frame your entrance as you walk forward to your outdoor wedding ceremony. Our licensed oak pergola is delicately planted to create an open-air focal point where you can exchange your vows surrounded by meadows of wildflowers.

Our outdoor ceremony location is placed at the southern side of Coton House Farm to take full advantage of the English sunshine and the stunning views.

With no neighbours to disturb the peace, you'll have complete hush as you say your vows in front of family and friends.

Your wedding food coordinator will liaise with you to establish the style of food you are looking for – from fine dining to BBQ, canapes to bowl food. Everything We Wanted And More

We want to give a big shout out to the team at Coton House Farm to thank you for all of your help and support during the lead up and on the big day itself. We were over the moon with how it went.

I'm told that the sun came out just as I walked down the aisle. We had a vision in our heads of how we wanted the day to be / run and it exceeded our expectations – everything from the flowers, how the barn looked, how we were looked after on the day, etc.

Our guests absolutely loved it too – we are still getting compliments now that it's the best wedding they've been to and how gorgeous the venue is. I am so glad we found you – your venue was just 'us' and suited our style perfectly! Will miss all the planning and coming into visit. It will take a while for this wedding void to be filled, we think!

Sophie & Scott

Alice & Josh

Amazing venue, amazing staff, amazing day!

We had looked at a few wedding venues when we fell in LOVE with Coton House, we came back for a second look round and we booked it then and there! They have been incredible from start to finish, offering multiple open days where we got some ideas for decor and set up from, accepting our crazy ideas for the wedding and helping make them a reality! On the day, the coordinators were amazing, dealing with all of our suppliers and making the day flow without a hitch! I can't recommend this venue enough, they really are incredible and all of our guests were so impressed with how beautiful the barns and surrounding areas were! The caterers Coton House Farm use were also brilliant and the food was UNREAL, so delicious! We did Host a Roast which made for a really relaxed and fun vibe in the wedding breakfast! HIGHLY HIGHLY recommend!

Sustainability

We're very proud of our commitment to sustainability at Coton House Farm.

We actively review our suppliers and take the greener route in every aspect of our business. Here's just some of the things we do differently.

We aim to offer a farm-to-fork strategy, sourcing local produce for our food wherever we can. That includes our vegetables, meat, bread and even our crisps, all of which come from Staffordshire farmers.

Even our beer and ale are local, made by Molson Coors in nearby Burton on Trent. When we must go further afield for brands such as Guinness or well-known spirits, we aim to keep our carbon footprint lower by purchasing in bulk and combining orders to reduce the number of deliveries and keeping our carbon footprint in miles lower.

Our venue is run on 100% renewable electricity and gas.

The wood used in our buildings is all FSC certified, which means it's harvested from forests that are responsibly managed and environmentally conscious. And our buildings are fully insulated to retain heat.

When you visit Coton House Farm, surrounded by such glorious Staffordshire countryside, you can see why we want to care for it. Our green credentials are important – and we're always looking at new ways to make a difference.
