URBAN WINERY

THE UK'S LARGEST *Urban Winery*

In the heart of Canada Water sits Vagabond's most ambitious project yet. Our incredible 6,000 sq ft winery combines the signature Vagabond wine bar experience, with wines on tap from around the world alongside our fully operational winery producing award-winning English wines.

Open seven days a week, stop by for a glass of wine, a delicious bite, and dive deeper with our tours, tastings, workshops, and masterclasses.

Sip among the tanks, explore the barrels, or even hire the space for something a little extra special.

Urban, hands-on, and proudly Vagabond.

The Winery

Host up to 200 guests in our award winning urban winery - a working production space designed to showcase wine from grape to glass.

With state-of-the-art tanks, a concrete egg, and our own solera system, it offers a truly unique setting.

Recognised for our commitment to sustainability and named WineGB Boutique Winery of the Year in 2024, we combine quality with responsibility.
