800 Years of History

An Historic Venue

History enthusiasts will be interested in Croydon Hall's wonderfully colourful and eclectic past – just what you'd expect from a building that's been standing for over 800 years.

1221

The earliest written record of Croydon Hall dates back to 1221, pre-Norman Conquest times, where it was reported to have been a farmstead for the Cistercian monks at Cleeve Abbey. In the 1500s, Croydon Hall became a family home for Landed Gentry.

1700

A plaque on the front of the building from the 18th Century suggests that Croydon Hall was used as a Magistrate's Court.

1907

The house was significantly rebuilt in the 1800s and again in 1907, when it was bought by Count Konrad von Hochberg, a German aristocrat who made many improvements to the property including adding the Italian Garden.

2020

The start of this elegant period of Croydon Hall ended abruptly with the outbreak of the First World War when the Count fled back to Germany.

Since then, Croydon Hall has had many uses, from a home for evacuees, a school for troubled teens to a Buddhist retreat. It fell into a state of disrepair when the last business fell on hard times, so it was ripe and ready for redevelopment when it was bought in 2020. It is now family run hotel and restaurant with elegant spaces for events, weddings and celebrations.

Your Ceremony

Whatever the weather, we have luxurious indoor and outdoor spaces available for your wedding ceremony. If it's cold and wet, we can use the Drawing Room or the Barn and on sunny, warm days, we can hold the ceremony outside, in the beautifully landscaped Italian Garden.
