THE PERFECT PLACE TO START YOUR FOREVER

For over 200 years Maidens Farm has been in our family. The Elm Barn was used for storing hay, grain and potatoes until 1975. Over the years the Elm Barn became dilapidated and it suffered major damage in the 1987 storm. At this point discussions were had to take it down, but in the end it was pulled up by tractors!

Clive & Katherine decided in 1999 to refurbish the Barn ready for a significant birthday in 2001. After that, having got so far we decided to open as a wedding venue. Maidens Barn has now been running for 19 years. Alex, Katherine's son joined the company in 2013 and worked alongside Clive & Katherine and now he & his wife Sam are running Maidens Barn.
