LONDON BY THE DOCK WEDDING VENUE

Big Fridge offers a wedding venue as boldly distinctive as your love story. Set by the dock, this industrial-chic space blends raw character with waterfront charm—soaring ceilings, exposed brick, and light off the water. Perfect for intimate ceremonies or lively receptions, it's a setting your guests will never forget.

A HISTORICAL LANDMARK

COMPRESSOR HOUSE

We offers a wedding venue that is as bold and unforgettable as you are. This Grade II-listed industrial landmark, built in 1914 as a cold-storage facility for the Royal Docks, has been transformed into a cultural destination, providing a breathtaking setting for your celebration . The 5,000 sq ft main hall offers blank canvas just waiting for your personal touch.

THE SPACE:

A BLANK CANVAS

The main hall is defined by its sheer volume of space, high ceilings, and dramatic sightlines. This is not a pre-packaged event space; it's an open shell ready to be transformed.

Authentic Industrial Features

Exposed brick, weathered surfaces, metal beams, steel gantries, and original dockside infrastructure create an atmosphere of raw, gritty elegance.

A Versatile Setting

The space can be transformed into anything from an immersive art installation to a romantic, fairy-lit dining room. Its dramatic acoustics also lend themselves to live music and memorable speeches.

Waterfront Location

Set directly on the waterfront with uninterrupted dockside views, the exterior provides a stunning backdrop for outdoor drinks and wedding photos.

State-of-the-Art Tech

For modern couples, the venue is equipped for live streaming and hybrid events, allowing you to share your day with loved ones across the globe.

CAPABILITIES & FACILITIES

A photograph of a modern building's interior, likely a commercial space. The scene features a long, dark, curved counter with a light-colored, illuminated back wall. Above the counter is a mezzanine level with a glass railing and a dark metal frame. The floor is made of large, light-colored tiles. The lighting is warm and modern, with recessed lights in the ceiling and a glowing light strip behind the counter. The overall aesthetic is clean and contemporary.

SWEET & CHILLI

A full-page photograph of a wedding couple. The groom, a Black man with a beard, is seated in a wheelchair with rose gold accents and floral decorations. He is wearing a grey suit and a patterned tie. The bride, a Black woman, is standing next to him, holding a bouquet of white and pink flowers. She is wearing a white lace wedding dress with a long train. They are both smiling and looking at each other. The background is a large, ornate brick building with a central arched doorway and a crest above it. There are green trees and bushes on the left, and a black lamppost on the right. The ground is paved with bricks.
