

THE
GREEN
CORNWALL

More Than A Venue

The Green Cornwall is nestled among the hills, orchards, and meadows of the Lynher Valley, on the edge of Bodmin Moor and close to both Cornish coasts. Natural beauty abounds here. Set in 20 acres of stunning Cornish countryside, with woodlands, wildflowers and a tranquil lake, it is the perfect place to craft your wedding story.

Always welcoming and exclusively yours, laid-back luxury is the order of the day. Infinite thought and care in evolving the venue ensure that spaces, facilities and organisation are taken care of. All that's needed is your personal touch and final details.

Love is always in the air at The Green. Whatever your ideas, the weather, or the season, our indoor and outdoor spaces are ready to make your wedding dreams come true.

The Green's spaces are flexible
to suit your individual taste and
style. Your originality and our

combination and a marriage
made in Cornwall!

Idyllic

The Green's distinctive and charming character make a truly unique place to host your celebrations. Our natural stone buildings, with memorable and quirky features, have been sensitively restored and provide the perfect setting to realise your vision.

Magical

Twinkling fairy lights and festoons illuminate the rustic barns, beams and courtyards, creating a fairyland fantasy. Outdoor spaces provide a natural wonderland where family and friends can share laughter and memories.

A private, ready-made wedding village

Once the home of Cornish Yarg cheese, the farm has been re-imagined and now, as an established wedding venue, The Green offers the ultimate location.

The arrangement and proximity of the buildings amongst the landscape, create the ideal setting. Celebration spaces within a stone's throw and individual accommodation privacy, all set in a secluded haven of nature and wildlife.

Versatile spaces for the ceremony, meals & party

The Green is perfect as it is. We know couples lead busy lives and we've thought of everything so you don't have to! Or if you're the creative type you can use our backdrop to design, craft and organise down to the very last inch of all things bridal.

We have four options for the ceremony. The Wedding Barn, former milking parlour, with original beams, oak flooring and whitewashed walls. There's an industrial vibe in the Really Rustic Barn and a magical charm when softened by drapes and florals. Outside there's the Oak or Lake Arbours offering a spiritual sanctuary amongst a setting of nature and simplicity.

Our Green Room Bar is an airy, contemporary space, flooded with natural light and a dramatic glass front that provides spectacular views towards Caradon Hill. It's perfect for guests getting to know each other the night before, for grabbing a drink before the ceremony and as a base for all those "in between" times.

For your meal & party, there's the iconic Red Brick Barn. And lots of ways to enjoy the Really Rustic Barn throughout the day, not forgetting all the outdoor spaces for friends and family to explore and roam freely.

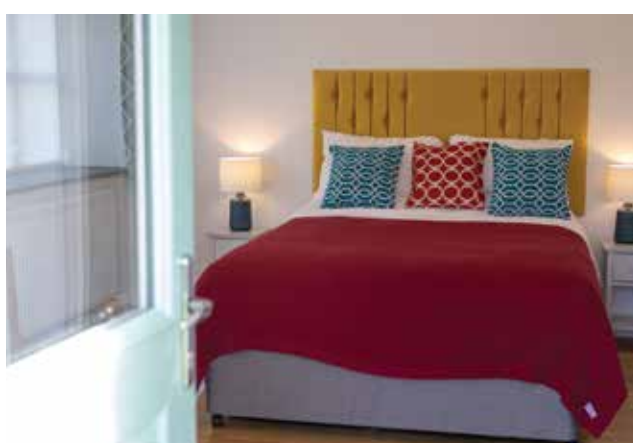

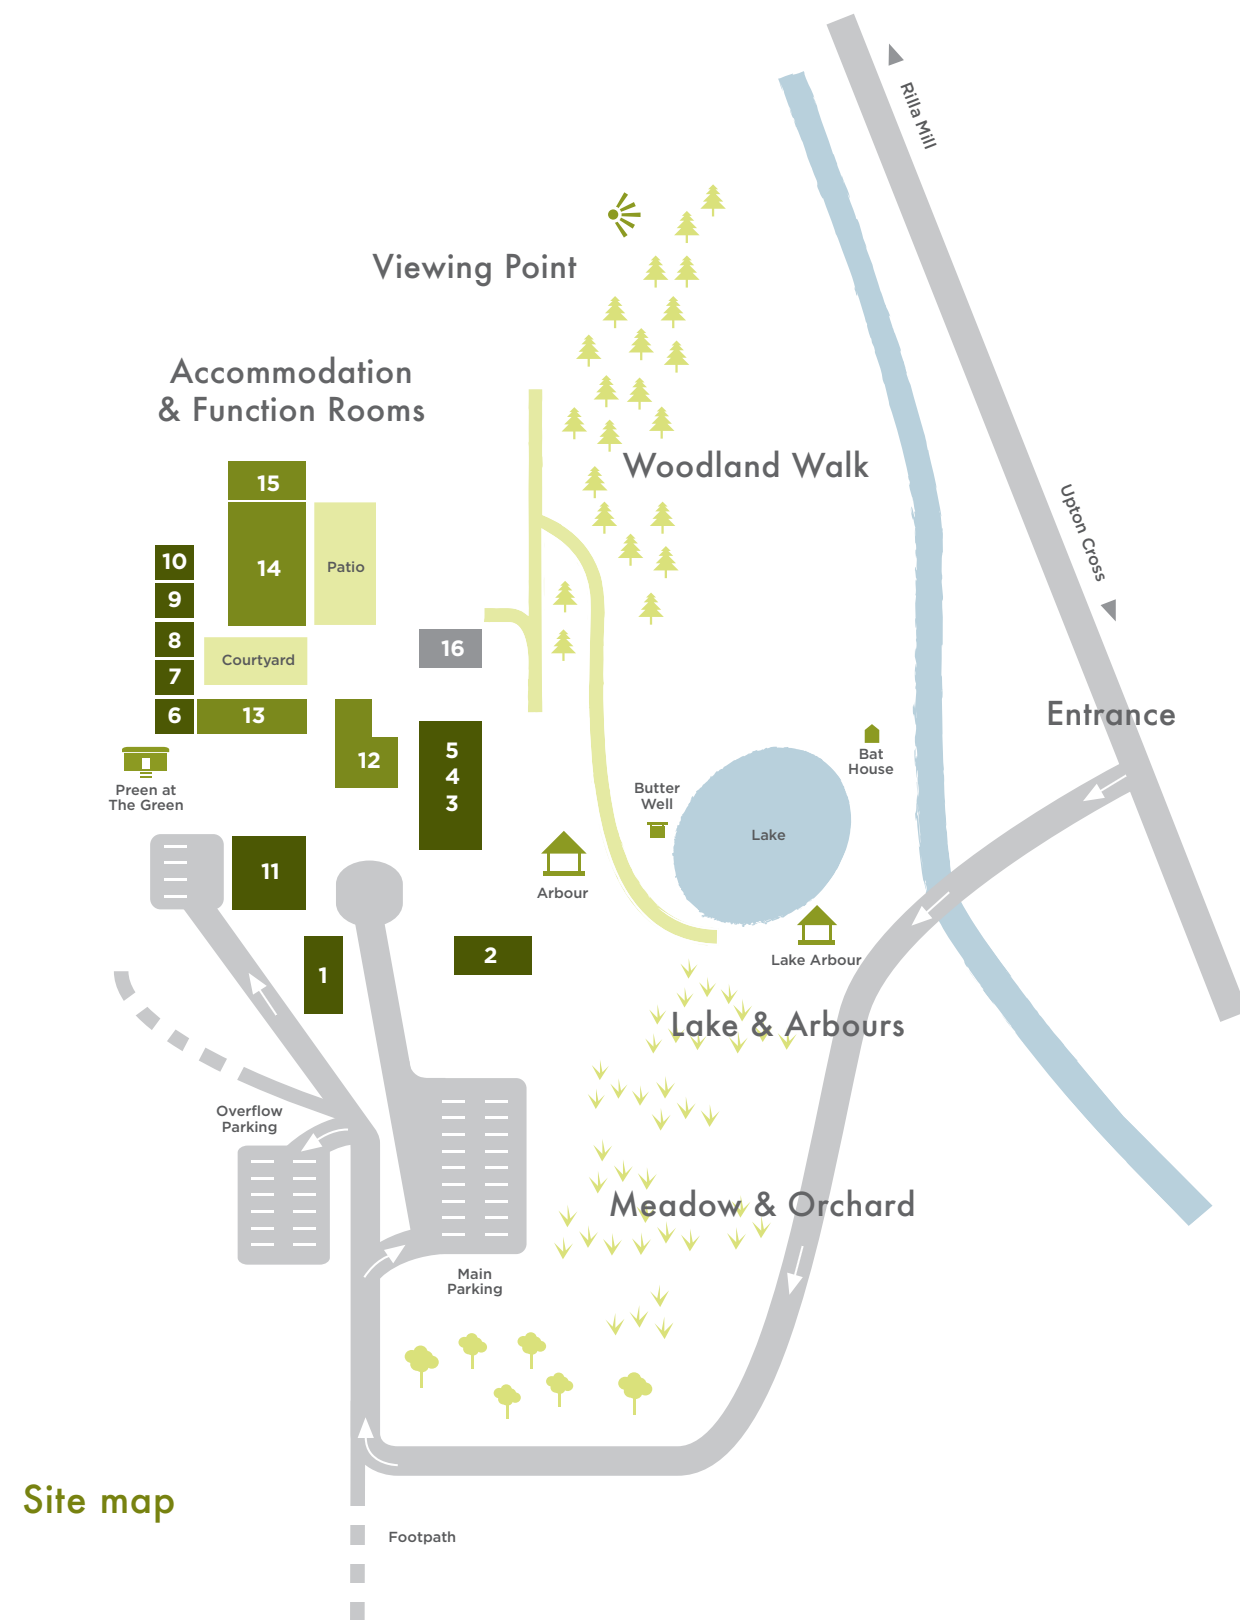

The house, cottages & rooms provide luxury accommodation

All our accommodation has been redesigned to form a unique luxury retreat for up to 42 guests. The stunning farmhouse is stylish and spacious, comfortably accommodating 12 in seven elegant rooms. The rooms are bright and airy with spectacular views over the Cornish landscape. It's the ideal place to share with your family and friends.

We've got five cottages at The Green that can sleep up to 20 in total. Originally used as holiday accommodation, our 5* rating reflects the excellent facilities and standards provided.

Our former milking parlour has been lovingly converted into five bedrooms sleeping 10 guests in total. Contemporary in style, they offer comfort and practicality in a unique setting.
