BEST IN PRACTICE

The venue for a traditional, yet modern couple

The venue's grand Grade II* listed Greek revival style façade and entrance hall first greet you with the aura of tradition. Then, unexpectedly, London's horizon leads you to the stunning State Rooms, complete with skylights, impressive decorative lighting and the Rooftop Terrace – all available exclusively for your wedding day.

The marriage of 30 Euston Square's old and new features was very attractive. The State Rooms were of excellent quality and did not require much in the way of decoration, they were beautiful in their own right.

We loved having our receiving line on the balcony overlooking the atrium, it was a stunning backdrop.

On the day

The State Rooms and Rooftop Terrace are licensed for wedding ceremonies, which allows you to enjoy the whole of your special day under one roof (or on the Rooftop). Say 'I do' with a ceremony in the Euston Room, followed by a perfectly cooled Champagne and canapé reception in the fabulous surroundings of the Stephenson Room and Rooftop Terrace, before starting the wedding breakfast back in the transformed Euston Room. Alternatively, you can book the venue for the evening only and choose to have the ceremony elsewhere.

There are also 41 boutique 4* style bedrooms available on-site for you and your guests to stay over – providing the perfect opportunity to blend into the London vibe.
